

Dairylain Farms

4741 South Rd H, Vale, OR

Dairy Herdsman Job Description

Our dairy milks 600 Registered Jerseys in Eastern Oregon. We are a family owned and operated dairy. We have a fully Lely robotic milking system. Youngstock are raised on site. Dairylain Farms also farms about 600 acres of land growing as much of our own feed as possible.

We are looking for a motivated individual to add to our team. The main job duties include, but are not limited to, basic animal care for our milking herd and managing cows in the robotic system. These tasks include daily monitoring of cow health, treatment of sick and fresh cows, artificial insemination, and adding the robots in milking fresh cows. You will also oversee training new heifers to our robotic milking system. In addition, assisting in vaccination of all ages of young stock, dehorning young calves, bedding with straw, and using a skid steer for various duties.

A herdsman's job duties would also include daily, weekly, and monthly maintenance of the robotic milking system. These are simple tasks such as cleaning the milking equipment, changing of inflations, as well as some minor mechanical tasks. All these tasks can be taught on the farm.

This is a Full Time Position. (6 days a week). You must be able to work with others as well as on your own. Pay will depend on experience. Health Insurance after 60days of employment and an optional retirement plan available after 6months of employment.
